

Auction Notice

Nova Scotia Cap-and-Trade Program

Auction of Emission Allowances

On June 9, 2021, 12:00 PM AT to 3:00 PM AT

Auction Summary

This document is the official notification for the June 2021 Auction of Emission Allowances (June 2021 Auction) taking place on June 9, 2021.

The June 2021 Auction will offer year 2020 vintage emission allowances. In the Compliance Instrument Tracking System Service (CITSS) and the Auction Platform, the June 2021 Auction will be identified by the title “June 2021 Auction”.

Additional background information, detailed instructions, and examples are posted on the [Nova Scotia Department of Environment and Climate Change’s website](#) under the “Participating in auctions” heading. These include

1. [Auction Participant Training](#): A copy of the training presentation that the Nova Scotia Department of Environment and Climate Change delivers via webinar before each auction of emission allowances
2. [Auction FAQ](#): Frequently asked questions related to auctions of emission allowances
3. [Auction User Guide](#): Provides a detailed walkthrough of the Auction Platform
4. [Auction Examples](#): Provides a detailed description of how bid valuations are determined, settlement procedures, and how bidding limitations are applied in the Auction Platform
5. [Detailed Auction Requirements and Instructions](#): Provides instructions on how to apply and participate in auctions of emission allowances
6. [Consignment Guidelines](#): Provides instructions on how to consign allowances to auctions of emission allowances

Date and Time of Auction

The June 2021 Auction is scheduled to take place on **June 9, 2021 from 12:00 PM Atlantic Time (AT) until 3:00 PM AT**.

The June 2021 Auction will be conducted at the date and time indicated above through the electronic, internet-based Auction Platform.

The Auction Platform can be accessed at <https://www.wci-auction.org/ns>

Allowances Offered at Auction

Emission allowances offered for auction in the June 2021 Auction are issued under the Nova Scotia Cap-and-Trade Program. All emission allowances that will be available in the June 2021 Auction are 2020 vintage.

There are 767,000 emission allowances available for auction in the June 2021 Auction.

How emission allowances are displayed in the Auction Platform

The Auction Platform displays two separate options for bidding. They are

1. Current Auction: Consists of allowances with vintages equal to the current year.
2. Advance Auction: Consists of emission allowances with vintages equal to future year.
Nova Scotia will not auction future vintage emission allowances. Therefore, participants should NOT bid in the Advance Auction.

The display of both a Current Auction and Advance Auction is a hard-coded requirement of the Auction Platform, which is shared by other Western Climate Initiative (WCI) jurisdictions that hold both Current Auctions and Advance Auctions. Due to this requirement of the Auction Platform, 1 future vintage will display for the Advance Auction. This is simply for system functionality purposes, and this future vintage emission allowance is not available for auction. **Any bids placed in the Advance Auction will be unsuccessful.**

Auction Reserve Price

The auction reserve price refers to the minimum price for which bids can be placed in the auction, as defined under Section 70 of the *Cap-and-Trade Program Regulations*.

The minimum price set for the June 2021 Auction is \$21.09 CDN per emission allowance.

Auction Eligibility

All entities registered in Nova Scotia's Cap-and-Trade Program that have a CITSS General Holding Account that has not been suspended or closed are eligible to participate in the June 2021 Auction.

Auction Application Submittal

An entity is required to submit an auction application in CITSS by **Monday May 10, 2021 at 11:59 PM AT**.

CITSS can be accessed at <https://www.wci-citss.org/>

Information submitted in the auction application process in CITSS includes the following:

1. Confirmation of the auction event in which the participant intends to bid
2. Information on the form(s) of bid guarantee and return instructions
3. Completion of an attestation

After entering the information listed above, auction applications are then confirmed and submitted in CITSS.

Auction eligibility information also includes information submitted in the process of obtaining a CITSS account:

1. Corporate identity, ownership, and structure of the applicant
2. The existence of any business relationships
3. An allocation of the holding limit among related persons, if applicable

For further information on submitting auction applications in CITSS, please refer to the Detailed Auction Requirements and Instructions document on Nova Scotia Environment and Climate Change's website.

Bid Guarantee Submittal

After submitting an auction application in CITSS, entities are required to submit a bid guarantee by **May 28, 2021 at 7:00 PM AT**.

Bid guarantees can either be submitted as cash, a letter of credit, or a letter of guarantee.

The Financial Services Administrator will accept electronic copies of either a letter of credit or a letter of guarantee. To submit an electronic copy of a bid guarantee, the issuing bank should deliver the electronic document with wet signatures (pdf) by email to db.wcisupport@db.com and include the following statement in the email.

"This [Letter of Credit or Letter of Guarantee] signed by the issuing bank is legally valid and enforceable. The issuing bank is transmitting this [Letter of Credit or Letter of Guarantee] to the beneficiary by electronic transmission (PDF via email) to DB.WCISUPPORT@DB.COM. For the avoidance of doubt, any electronic PDF version of this [Letter of Credit or Letter of Guarantee] received by the beneficiary shall be the operative instrument and may be used by the beneficiary as it would be a hardcopy original. The beneficiary is able to submit a draw request on the operative instrument. In addition when applicable, the beneficiary will reply to all addressees on this email to confirm cancellation of the electronic operative instrument. The Reply email will serve as the return of the bid guarantee."

For further information on submitting bid guarantees, please refer to the Detailed Auction Requirements and Instructions document on Nova Scotia Environment and Climate Change's website.

The Financial Services Administrator can be contacted directly at:

Phone: (212) 250-2885

Email: db.wcisupport@db.com

Auction Public Proceeds Report released	Tuesday July 6, 2021	

* All times in CITSS and the Auction Platform display in Eastern Time (ET)

** The Detailed Auction Requirements and Instructions document describes relevant changes and disclosures

Procedures for Conducting the Auction

Each auction will be conducted through the electronic, internet-based Auction Platform that bidders use to submit bids in a single-round, sealed-bid auction format.

As described above, each entity must submit an auction application in CITSS. Financial Services Delivery Instructions will be available from CITSS, and all final bid guarantees must be received by the Financial Services Administrator by no later than **May 28, 2021 at 7:00 PM AT**. The Nova Scotia Department of Environment and Climate Change will approve or reject applicants to participate in an auction within two (2) business days of the scheduled auction date.

Procedures for conducting the auction are described in further detail in the Detailed Auction Requirements and Instructions document with specific examples provided in the Auction Examples document on the Nova Scotia Department of Environment and Climate Change's website.

Form and Manner for Submitting Bids

Participants will be able to submit bids manually and upload bid templates using a pre-defined Excel template in the Auction Platform during the bidding window.

Bid quantities can only be submitted in multiples of 1,000 allowances (i.e., **1 bid lot equals 1,000 allowances**).

The form and manner for submitting bids are described in further detail in the Detailed Auction Requirements and Instructions document with specific examples provided in the Auction Examples document.

As mentioned above, the Auction Platform is hard-coded to display a Current Auction and an Advance Auction. **Any bids placed in the Advance Auction will be unsuccessful.**

Auction Participant Training Materials

An Auction Participant Training presentation is available on the Nova Scotia Department of Environment and Climate Change's website. This presentation includes information on regulatory requirements for auction eligibility, the auction application process, bid guarantee submission, bid submission, settlement price determination, and the financial settlement processes for auctions.

Training materials are also available from the Auction Platform, and include Frequently Asked Questions (FAQs), the Auction Participant Training presentation, and an Auction and Reserve Sale Platform User Guide.

Auction Training Webinar

The Nova Scotia Department of Environment and Climate Change will hold a training webinar to describe how to apply for an Auction and how to submit bids in the Auction Platform, as well as how to submit a bid guarantee. The details for the auction training webinar are provided below.

Date: Thursday April 15, 2021

Time: 1:00 PM AT – 3:00 PM AT

Participants can register for the webinar at:

<https://attendee.gotowebinar.com/register/3821136472568762384>

Additional Information

Additional information on the Nova Scotia Cap-and-Trade Program is available on [the Nova Scotia Department of Environment and Climate Change's website](#).
